Twelve Comedies To Be Filmed In Valley

HAROLD J. BINNEY IN THE VALLEY OF THE MOON WITH COMPANY

Coney Island Amusement Park Has Been Leased by Producer and Work Will Start At Once.

The Sonoma Business Men's luncheon given here last Saturday to interest Harold J. Binney, formerly of New York and Hollywood in Sonoma Valley's advantages as a moving picture producing center has resulted in the announcement that Mr. Binney and his company will locate in the famed Valley of the Moon.

About thirty representative business men of town and valley met with Mr. Binney at the lunch served at the Toscano Hotel and heard him in a splendid talk, outline the past, present and future of the moving picture industry, its problems and requirements. The gentleman proved to be a most interesting and delightful speaker, his wealth of information, logic and rhetoric proving a treat to those assembled around the tables.

Mr. Binney was accompanied here by his wife, two children and his manager, Mr. Florian Fischer. Following the lunch the party was driven to Coney Island where the big pavilion, grounds and cottages were inspected. Mr. Binney immediately conceded the possibilities of the property for the producing end of the picture business. He was then taken for a tour of the valley and on every hand picked out "wonderful" natural sets for pictures which he is to make. The general topography of the country, the hills and particularly atmospheric conditions impressed the visitor very favorably.

Two days after his trip to Sonoma Valley, a committee, consisting of Messrs. Carter, Baines, Samuel and Smith met Mr. Binney in San Francisco and after a conference with Attorneys Dinkelspiel & Shapiro, representing the creditors of the Coney Island property, signed up the big producer for the use of the Sonoma Valley property.

Mr. Binney has already arrived here and has been making a survey of his new studio which he will equip at once with \$7,000 worth of lighting apparatus for indoor work. The equipment will be standard, of the arc and vacuum tube type and will be installed by his expert technicians.

As long as the weather remains good moving picture scenes will be made out-of-doors. The studio will be utilized later. Mr. Binney has his staff here with him, including Arthur A. Porchet and Roy Duheim, camera men; Emily Charlotte Johnstone and Golbia Dunderkalova, leading ladies, Alpha Brothers and Billie Atwater, ingenues, Julian Rivera, Garry H. Shields, Hilton H. Chipman and Douglas Watkins, juveniles, and Wm. Bechtel and wife, character actors. Scenario work and assistant directing is in the hands of Glen Lambert and Forrest B. Creighton. Binney writes most of his own comedies and is at the present time under contract to produce twelve pictures.

Harold Josiah Binney takes his name "Josh" from his comedy work. He was originally a vaudeville actor of New York city, and first went to work there in the movies with the

SONOMA OFFERS TWO BIG DAYS FOR SHOPPERS

Local Merchants Inaugurate Special Two Days' Community Sale for Monday and Tuesday.

Good morning readers! Are you in on the big news? The merchants of Sonoma (for directory see pages 4 and 5 of this issue) are offering unusual inducements to the shopping public of Sonoma Valley on Monday and Tuesday next, the two days just before Thanksgiving. The business people of the community including both newspapers of Sonoma have co-operated to make these the best shopping days yet. The merchants are offering bargains and special inducements of every kind to show their willingness and ability to serve you. Read the announcements in this issue and then come to town Monday and Tuesday and prove by your patronage that you appreciate bargain days and want more of them. Tell your merchant you read it in the Sonoma Index-Tribune and that will repay us for the effort we are making to advertise that Sonoma is the logical shopping center of the valley and that the volume of trade should be kept at home instead of going outside. Take advantage of the Monday and Tuesday community shopping days and prove to Sonoma business people that you are alert to their advertising and appreciate their effort to put on sales days such as other communities feature.

Y. M. I. Dance As Scheduled

The Young Men's Institute will hold its annual Thanksgiving Eve dance at Union Hall as scheduled. Postponement of the dance on account of the moving picture ball the same night was discussed, but it was decided to have the party as advertised. The California Grays will play.

IMPROVEMENTS BEING MADE AT OLD MISSION

Sonoma's cherished landmark, the Mission San Francisco de Solano, has been receiving needed improvements the past two weeks as the result of money appropriated by the Richardson administration at the behest of Senator Slater and the local committee. A bill providing \$2000 per year for the next two years passed the 1923 legislature and was signed by the Governor, thus making the money now in use available.

A cement walk has been laid in front of the historic church, the grounds about it graded to the sidewalks and drain tile put in to protect the east wing of the building from low ground which was undermining that portion of the structure. Contractor Trudgen laid the walks, which include an approach to caretaker Borie's apartments.

Later on shrubs will be set out and the grounds of the Mission will be beautified.

Tax collector Albertson of the City of Sonoma reports sixteen property owners on the delinquent tax list this time. City taxes were due in October.

MADRONE VINEYARDIST SUES SAM SEBASTIANI

The owner of the Madrone vineyards, Louis Engelbert, has brought suit against Sam Sebastiani to recover the price of two carloads of grapes for which Engelbert alleges Sebastiani is liable in the amount of \$4000, the shipment being figured on an agreed price of \$64 per ton. Sebastiani declares that the grapes in controversy were shipped by Engelbert at the latter's risk and against Sebastiani's advice; that on one carload nothing was realized and on the other \$240. Sebastiani disclaims all responsibility for these grapes although other grapes bought at Madrone and either shipped or made into wine, were settled for at the agreed price of \$64 per ton.

New Business Man Comes To Sonoma

M. G. Renslinger, formerly of Oakland has bought out the business of P. C. Meinhardt and will conduct a first class cleaning and dyeing works for Sonoma Valley. After the first of the month Mr. Renslinger will inaugurate a call and delivery system.

The new business man is an experienced and skilled workman. He has been in business for himself and for many years was head man with the Burr-Singer company of Oakland.

Mr. and Mrs. Renslinger looked over many locations before deciding on Sonoma Valley and are well pleased with the outlook here.

WELCOME HOME

A welcome home reception to Rev. John F. Byrne and farewell to Rev. Costa who was acting pastor of St. Francis in Father Byrne's absence was given Thursday night by local Y. M. I. and Y. L. I. Councils.

FIRE CHIEF WARNS AUTOMOBILE DRIVERS

Fire Chief Valente declares the department is badly handicapped at the sounding of the fire alarm by the activity of motorists who all rush to the fire, disregarding the right-of-way of the fire engine. As a precaution of safety and to expedite service from the fire department, Valente urges all vehicles to clear the way as soon as the siren sounds and to keep 100 yards away from the scene of the fire. The Sonoma Chief also warns against any one riding on the engine other than members of the fire department and says that no orders as to hose or the use of apparatus shall be given by any one not in authority. "Better discipline and system must prevail at fires in Sonoma," says Valente. "We also need another engine for big conflagrations or to have in reserve."

Paper Carrier Struck By An Automobile

Joe Hochwarter, the smiling little carrier boy of the Oakland Tribune and also the Sonoma Index-Tribune's town route, was painfully hurt Saturday when his bicycle was struck by O. Rueff's automobile. The boy was thrown from the bicycle, which was badly wrecked. The accident laid Joe up for a few days, but Dr. Hays found his injuries to be slight. The carrier boy was delivering his afternoon papers at the time of the collision with the auto.

COUNTY RECORDER IN TOWN

County Recorder Herbert Snyder was in town from Santa Rosa Wednesday looking for a young lady copyist for his clerical force.

MOVING PICTURE BALL WEDNESDAY EVENING

New Studio at Coney Island to be Thrown Open to Public Thanksgiving Eve.

Sonoma Valley's new film studio will be thrown open to the public Thanksgiving Eve, when Harold J. Binney and his moving picture company will give a grand novelty ball. Several fine vaudeville acts, including toe dancing by Emily Charlotte Johnstone and Golbia Dunderkalova, formerly of the Russian ballet will be featured. A motion picture of all those attending the dance will be made and the public enabled to see just what the movies are, in the making.

The Dixie Serenaders, an unusually fine orchestra composed of twelve pieces, will furnish the latest hits for dancing.

Mr. Binney will speak on the future of the industry in Sonoma Valley and will also give those present an opportunity to register for future participation in the pictures to be made here. He will outline the first comedy to be filmed "An Account of a No Account Count". The ball is being advertised all over Sonoma county and should draw a record crowd to the former Coney Island pavilion.

Coroner Phillips Held Pugliese Inquest Here

Coroner Frank Phillips was in Sonoma Tuesday and held an inquest in the Pugliese case. The verdict in the coroner's jury was death from internal hemorrhage caused by accident when auto of deceased and a freight train collided Sunday Nov. 11. No blame was fixed for the accident.

ROMANTIC SONOMA CHOSEN FOR WEDDING

Miss Aileen Cook of Alameda and Joe Tanzola of Hollywood chose romantic Sonoma as the place for their wedding and were married here at St. Francis church on Wednesday of last week. The young couple are friends of Mr. and Mrs. Rae Hunter and had previously visited here. When arrangements for their wedding day were being made, the pretty bride-elect decided that Sonoma was the place where she desired to have the nuptial knot tied.

With their bridesmaid, Claire Cook, and the best man, Carl Bitadino, the wedding party, which included a dozen other friends, motored here for the ceremony, which was solemnized by Rev. Father Costa. Following the services an elaborate wedding dinner was enjoyed at Cucci's.

Bride and groom left for Portland, Oregon, on their honeymoon, in a handsome Packard coupe, the gift of the groom's father to the newlyweds. Mr. and Mrs. Tanzola will reside in Hollywood.

W. W. Carter has sold 14 acres of the Jacobson ranch near Buena Vista to Jacques Lice, who expects to come here to reside.

PAULSON SHACK ON NAPA STREET SCENE OF SECOND FIRE

Conflagration Starts in Old Half-Burned Building and Spreads to Adjoining Property.

For the second time in the last few weeks fire broke out Saturday in the rear of the Paulson property on Napa Street. The half burned shack which was to have been removed by the wreckers following the first fire, suddenly broke into flames about 4 o'clock in the afternoon and before discovered was sending flames and smoke skyward, a menace to the Dal Poggetto block to the west, the bakery to the east and the Methodist church in the rear.

An alarm was given by Rev. S. E. Crowe, who first saw the fire from the yard of the parsonage. The fire engine responded and after getting hose connected with a hydrant near the Small residence, the firemen gave battle to the flames. A hose was run through the pool room to the rear of the butcher shop where the fire menaced a barn on the Dal Poggetto property. The proximity of this frame building to the M. E. church was an evident danger, but while streams of water were effectively putting out this blaze, the fire communicated from the Paulson shack to the Pioneer French Bakery, the rear of which was a mass of flames. The firemen then fought to save the main bakery building, which houses also the new haberdashery shop of Dave Eraldi and the hair-dressing parlor of Mrs. Monte Jones.

Great excitement prevailed and reached its climax when Mrs. Jones, who was viewing the fire from the street, fainted, and Emile Pinelli, one of the volunteer firemen, fell through the roof of the bake shop and had to be carried from the burning structure. A garage, from which two cars, one belonging to Doctor Gottenberg and the other to Bertelotti Brothers, had been hastily rescued, went up in the flames which for a time threatened to communicate to the Gottenberg residence.

The local fire department, however, supplemented by the Boyes Springs chemical, effectively coped with the stubborn blaze which was halted before much damage had been done.

The origin of the fire is unknown, but wild rumors were current in the crowd that a still had exploded in the Paulson shack. All effort to substantiate this story failed. Deputy Sheriff Ryan declared he found no evidence of any illicit contrivance in the ruins, either at this fire or the previous one. P. W. Paulson scouted the idea and declares the story had its origin in a joke remark he made the time of the first fire. An explosion heard while the flames licked up the inflammable old structure was caused by the explosion of a discarded auto gasoline tank partially filled with gas.

That no greater damage resulted from this conflagration was due to the effective work of the firemen and to the fact that there was no wind. The bake shop which houses the ovens was burned out, but the ovens remained intact.

Emile Pinelli, whose back was badly wrenched by the fall from the bakery roof, was not seriously hurt and is now able to be and around.

EL VERANO NEWS

By ARCHIBALD McKIVER

This Wednesday evening, Nov. 28, the Y. M. I. hold their annual Thanksgiving ball, which has been the custom of this society each year. This year's dance will be at Union Hall, Sonoma, and party going folks are looking forward with eagerness to this coming social event.

Mrs. B. Keelen of San Francisco is having built at Sonoma Vista a modern four room bungalow and sleeping porch. The Keelens' summer home was recently destroyed in the fire which swept the Springs section.

Mr. and Mrs. L. Parente and daughter and Mrs. L. Staniels of San Francisco were week end visitors at their hotel in Verano.

Mr. and Mrs. Frank Evans were the guests Sunday at the Beach home. They reside in San Francisco.

Miss E. Ammann, telegrapher for the Western Union, who has been at Willits, was a guest of her folks, Mr. and Mrs. J. Ammann. She went to San Francisco Tuesday with Mr. and Mrs. A. B. Johnstone, where she will spend several days.

Mrs. A. W. Adler of Sonoma was a passenger Tuesday morning for Oakland.

Charles Poppe, well known ex-postmaster of Glen Ellen, was in town recently renewing acquaintances with his many friends here. Mr. Poppe is now a leading merchant of our sister city.

A number of El Veranoites are now busy hauling potatoes. Our boys are real spud kings and are bringing many of the tubers that make Lakeville famous, to the Valley of the Moon.

Miss Edna Treanor went to San Francisco Saturday to visit her parents and will return after the holidays.

Fritz Pohm, owner of the former Lewis ranch, has just finished many improvements on the Yulupa Farm.

The famous old spring on the side of the mountain, noted for its excellent waters, has been made larger and improved with a concrete curbing.

Miss M. Walsh of San Francisco was a Sunday guest at the Kearney home.

L. Boissonneau, the shoe doctor, was a business visitor to Santa Rosa last week.

Chris Thompson and family, who have bought the L. Ducuing ranch, have taken possession. The formerly resided in San Francisco.

Edward Odum was in San Francisco over the week end, visiting his folks and sight seeing.

Mr. and Mrs. P. Murphy of Oakland were incoming S. P. passengers to Sonoma Valley Sunday. Mr. Murphy is a veteran S. P. engineer and is having his home finished at Verano.

Mr. and Mrs. A. Hagan of the Flora Villa have removed to Sacramento.

Peter Hanson, Roy Hanson and Vic Leveroni have taken over the old Emma Merriam ranch at Schellville, consisting of 475 acres. Isadore Leveroni former lessee, has removed.

George McGill of Schellville was a visitor in El Verano Sunday and also visited at the Stuermer home in Sonoma Vista.

Roy Chance of Mare Island was in town Sunday visiting relatives and greeting the natives.

El Verano is having its share of excitement these bright winter days.

Last week it was a kicking mule. This week the younger generation is matching one another to determine who is who in the manly art of self defence.

Tuesday afternoon two good battles were staged by local youths in an open field on Nob Hill. A young Irishman of El Verano and a German from Sonoma Vista put on the first bout and sparred for the better part of an hour, while a good crowd cheered the gladiators. The Irishman was the victor. The other bout was between two Italians. Only one blow was struck, which stretched one of the sons of sunny Italy upon the ground, whereupon the other mounted his bike and beat a retreat, leaving his opponent to recover as best he could. He arose a few minutes later, none the worse for his knock-out. The victor of this fight returned half an hour later and inquired of the writer if his fallen foe had yet awakened from his deep slumbers, and was greatly relieved to hear that everything was alright.

William, E. W. and P. Wyatt were over to Dillon Beach Sunday on a fishing trip. The day was ideal for the anglers and Bill succeeded in getting the limit, while the other boys made good catches. Archibald McKiver was remembered by the anglers and extends hearty thanks.

M. G. Higgins, Mrs. Lawrence, N. Garoly and Mr. and Mrs. J. Fleming motored to Calistoga Sunday and had a most enjoyable trip.

Tracy Brothers were unloading a large tractor at the S. P. depot on Tuesday, to be used in connection with the new gravel project that has been launched at El Verano.

The S. P. depot at Rutherford was robbed Sunday evening; it is thought by the same gang which went through the depot here.

The Vandever family, which has resided in El Verano for some time has moved to Pine Grove, Calif.

Frank McGill, deputy sheriff, railroad man and garage owner, passed through here last week enroute to the City of Roses. By the looks of Frank's tailoring, he is progressing and after attending to all these various businesses daily at Schellville, Frank's time is all his own.

A Southern Pacific representative has been in town from San Francisco

at the request of J. Batto & Sons and J. Picetti, who are to take over some S. P. right of way land on which they will establish businesses. Batto & Sons have already purchased the Mullen warehouse at this point.

Rumor has it that Louis Parente is to build an addition to his recently completed hotel at Verano and make many other improvements around his property at that place.

Mr. and Mrs. Fred Jensen of San Francisco were week end visitors at their El Verano home.

The turkey shoot at the Dowdall ranch last Sunday drew a large crowd and some fine birds were won by the contenders. Bloss Keechler, who is to oppose Ferd Norrbom this Sunday

Biograph company. He was associated with D. W. Griffith, Mack Sennet and other notables, and in 1910 Sennet organized his own producing unit, known as the Keystone Film Co. Binney was a director for Sennet for six years, featuring Ford Sterling, the great comedian. He has also been associated with Harold Lockwood, producing for him until that actor's death. Blanche Sweet, Wallace Reid, Harold Lloyd and other stars have worked with Binney in Southern California and he has made stars of his two cousins, Constance and Fair Binney. Metro officials have recently approached Mr. Binney to reenter acting for the screen. He is a fat comedian and Metro sees in him the logical successor of Fatty Arbuckle. In reentering comedy, he will play in his own pictures, among them "Scrambled Hearts," "Listen, Look and Laugh" and the picture to be made first in Sonoma "An Account of a No Account Count."

Messrs Aaron, Wisner & Frankley, attorneys for the comedian and Sonoma producer have been instructed to change the name of Binney's company from the Master Motion Picture Co. to The Sonoma Photo Play Corporation, his releases to carry the caption, "Movies made in the Valley of the Moon."

Mr. Binney is pleased with the cooperation he has been getting from the people of this locality and is desirous of having it known that he is coming here with his family to become part of the community and he speaks for the ladies and gentlemen of his organization the same courtesy as has been accorded him since his introduction to our people.

Mr. Binney plans to use local folks of every type, age and size in his pictures and all available local material will shortly be listed for future reference and try outs.

TOM CORCORAN ENTERTAINS

Tom Corcoran, genial proprietor of Agua Caliente Springs Hotel, assisted by his gracious wife, entertained a large party last Saturday evening, the closing date of the Indian summer at the big resort. Fine music was provided for dancing and a buffet supper was served. Many guests from San Francisco attended the party in addition to a nice crowd of local party goers.

VISITORS HERE FROM BRITISH COLUMBIA

Mr. and Mrs. F. W. MacIntosh, J. Smyth and Joseph Howe, all of Prince Rupert, British Columbia, were here Saturday looking over points of interest in the Valley of the Moon. Mr. Howe, who is an overseas veteran, declares that he made a vow when in the army during the World War, to see Jack London's country when he returned to this part of the world.

When he came to California with the Prince Rupert tourists, he included Sonoma Valley in the itinerary of his party.

Mr. and Mrs. Phil Wheatley were shopping in Napa Wednesday. Mr. Wheatley is recovering from his recent injuries sustained when an auto ran him down.

B. L. Parker, a mining man of Calaveras county, and a namesake of Colonel Parker of Fetters returned Friday with Sonoma Valley's good booster for a visit here.

HIGH SCHOOL FACULTY HONORED AT RECEPTION

The faculty of the Sonoma Valley Union High School were the guests of honor at the reception given by the Parent-Teachers Association Thursday evening.

Geo. C. Crowe, President of the P. T. A., extended greetings in behalf of the association.

Miss Anna Noyes spoke, representing the Student Body of the school.

Rev. Isaac Cookman addressed the teachers and parents, stressing the relation of our churches and our schools to the great work of child welfare and education.

Prof. Golton in his response commended the P. T. A. for the good work being done, both here and throughout the nation.

Miss Beatrice Boyd, Mr. and Mrs. H. Schieck, Lyle Campbell and Miss Grace Barr furnished the musical program.

After the refreshments were served everyone took part in an hour of old games and dancing.

Manager Frank Muller of Batto's grocery store announces that Santa Claus will be at his store to greet the children December 20 and 21st.

The M. E. Ladies' Aid will hold a Thanksgiving Sale at the church parlors on Wednesday, Nov. 28th, commencing at 1 o'clock.

The preliminary work which has been going on in Shasta county in connection with the construction of the Pacific Gas and Electric Company's \$20,000,000 Pitt River Number Three Development, has progressed to a point whereby the company has concluded to proceed with the construction work during the winter months.

Forms have been placed and a rock fill is being made for a dam which will divert the water of the Pitt from the natural course of the river into specially constructed ditches whereby the foundation for the permanent dam can be laid. This dam when completed will be 110 feet high, creating a reservoir of 13,000 acre feet in capacity of which the top six feet will be used for pondage. The dam will back the water up some 10 miles and will be of re-inforced concrete of the Ogee type with its axison a very flat arch.

The tunnel has been bored for a distance of approximately 750 feet. This tunnel, which will be 20,000 feet long, will be worked from six separate faces. Addits and an open space at Rock Creek afford additional working points in order to speed up the work. From the intake to the tunnel, which is located a short distance up stream from the dam site, the water will be lead through the tunnel to the mountain side above the power house location. The tunnel will be 19 feet in diameter, of horseshoe and circular shape and will be lined throughout with concrete. Its large diameter will permit the operation of a steam shovel, thereby speeding up the construction.

From the end of this tunnel, water will be dropped down the mountain side under a 313 foot head through three penstocks where the water power will be transformed into electrical power by contact with the water wheels connected to three 35,000 horse power turbines.

There are now working on this project 800 men, and a crew of 1000 will be maintained throughout the winter months. Provisions are being made to keep the McCloud River and Pitt River railroads open all winter. Snow plows are being provided to keep the road near the Summit and Bartle clear of the 10 or 12 feet normal snowfall, affording an opportunity to bring in material and provisions for the crew which will be working there.

A modern construction camp has been built, including many social features and conveniences, such as a moving picture and social hall, pool hall, special type of camp bungalow apartments for a number of families, etc.

Steps are under way to carry on educational classes for men on the big job. School accommodations are provided for the working men's children.

(From Napa Register)

The California Glove Company recently received an order from a large eastern exporting firm for 2000 pairs of gloves to be shipped to Holland.

This is the first time in the history of the California Glove Company that any of its product has been exported to Europe. Large orders have in the past been sent to the Orient, but never across the Atlantic.

It is very likely that California-made gloves will become so popular in Europe that other large orders for more of the same will be received soon.

Spencer Merz has accepted a position with the Central Commercial and Savings Bank. The Sonoma branch is growing and needs more help.

"DRY" EMPLOYEE SPEAKS AT LOCAL CHURCH

Ben Gies, former U. S. attorney, now in the employ of the Anti-Saloon League as its attorney, spoke Sunday at the Sonoma Congregational church on prohibition and the need for funds to continue the fight against booze. As a result of his scathing arraignment of bootleggers and their customers, financial pledges to aid in the fight were signed by many of the congregation present.

Mr. Gies held the customers of the bootlegger equally culpable as the booze dispenser himself and declared that good citizenship must aid the officials in the upholding and enforcement of our laws. He sounded a warning against petitions in circulation to repeal the Wright Act and otherwise defeat the purpose of national prohibition.

B. P. NORRIS PASSED AWAY IN THE EAST

B. P. Norris who formerly owned property in Sonoma Valley and will be remembered by many old timers, died at his home in Ayer, Mass., on the 17th of July. He had attained the ripe old age of 91 years. Deceased was a contractor until his retirement and word of his passing was received here by A. E. Warriner who formerly worked with Mr. Norris.

INTERESTING PROGRAM AT WOMAN'S CLUB

The excellent talk on Americanization given at the Woman's Club last Friday merited better attendance. Miss Myra Green was the speaker and made an enthusiastic plea for interest in our foreigners. The young lady is supervisor of Americanization in the Sonoma county schools and outlined the plan to hold night classes for foreigners, provided ten could be interested in taking the course.

Music provided by Miss Bertha Warthorst of the program committee consisted of glee club numbers by the high school girls, violin solo by Miss Fox and piano number by Miss Grace Barr.

AT THE HIPPODROME

Tomorrow at the Hippodrome Theatre, Napa, Eleanor Glyn's "All the World's a Stage" with Dorothy Phillips and Kenneth Harlan will be featured. 5 acts of vaudeville including great magic acts. Monday's bill is "Crashin Thru"; Tuesday and Wednesday, "Ponjola"; Thursday and Friday "Hollywood," a really great picture. Performances Thanksgiving day will be continuous from 2:00 to 11:00 p. m.

No Profit Guaranteed

POWER companies in California do not fix their own rates.

Rates are fixed by the public through their well informed agents, the Railroad Commission, which also requires continuous, uniform, efficient service.

The public gets power and gas *at cost*, which includes cost of material, cost of help, a fair return upon the reasonable cost of the property used (out of which interest is paid), and *taxes*. Cost does not include improvident or unnecessary expenditures, or any expenditure of which the public does not get the benefit. No profits are *guaranteed* in rates. Success depends on efficient, economical management.

Service at cost does not mean service *without cost*

No one has invented a method by which any form of service can be given permanently below cost. Every utility service must pay its own way or fail.

But nowhere else in the United States is hydro-electric power so cheap, so abundant, or so commonly used as in California. That is because of natural advantages coupled with efficient management under our system of public regulation.

A company dedicated to accurate, continuous service.

SONOMA COULD FOLLOW THIS PLAN

The following article, commending the formation of road districts, is from the San Francisco Examiner:

Northern and Central California communities could profit by taking more advantage of the Road Improvement acts permitting the formation of local districts for the purpose of financing and building streets and roads of particular importance to the individual communities, according to H. J. Brunnier, chairman of the Good Roads Committee of the California State Automobile Association.

These districts, Brunnier points out can be organized under the state law for the purpose of making street and road improvements, assessing the cost of the work against the property directly benefited. In many cases where the roads are of more than local importance the counties or municipalities often pay a part of the cost.

Brunnier says that this method of road improvement is particularly applicable to many sections of this part of California where the people are reluctant to vote additional bonds placing the county under a heavier debt than it is carrying at present.

The authority under which the road improvement districts are organized is the Road District Improvement Act of 1917, as amended, which applies to highways not within the boundaries of incorporated cities and towns, and the Improvement Act of 1911 which applies to roads and streets within incorporated limits.

The improvements thus accomplished are paid for by district bonds which are redeemed by assessment against the property directly benefited although in many instances the various counties pay a large proportion of the cost where the improvement is of more than local importance.

The new gasoline tax will provide a large increase in the revenue to the several counties. The supervisors of these counties could do nothing better than to promulgate a policy of paying a certain percentage of the cost of highway construction in these road districts. The announcement of such a policy would be an incentive to the formation of road districts.

While the number of districts of this kind that have been formed in Northern and Central California are relatively few the plan has met with much success in the southern part of the state where hundreds of road districts have been formed. In Los Angeles county alone there are 261 districts organized under the Road District Improvement Act and 66 in the same territory that have been formed under the act of 1911.

CLEAN UP FIRE MENACES

The dangerous conflagration which started in the debris of a half burned shack in Sonoma's business district Saturday should be a lesson for the city authorities. They should at once start a clean-up in the rear of business blocks or wherever potential danger exists in old refuse and flimsy outhouses, or unprotected accumulations of any combustible matter. The existence of rubbish piles in which old sheds and dilapidated outhouses should be classed is a nuisance and danger and should be abated.

SONOMA SPORTSMEN GET STRIPED BASS

A congenial party of Sonoma folks including Mr. and Mrs. Tony Cereghino, Mr. and Mrs. H. J. Wicker and Mr. Morton motored to Hogg Island last Sunday to try their luck fishing. The veteran angler, Henry Wicker, landed three striped bass and Morton got two.

The party picnicked at the Island and upon their return home had striped bass a la Wicker. The gentleman last named was a famous boniface of the days before the San Francisco fire, having been proprietor of the Goodfellow's Grotto in that city.

DODGE BROTHERS BUSINESS SEDAN

Recent improvements in the appearance and equipment of this Sedan adapt it, more perfectly than ever, to family as well as business use.

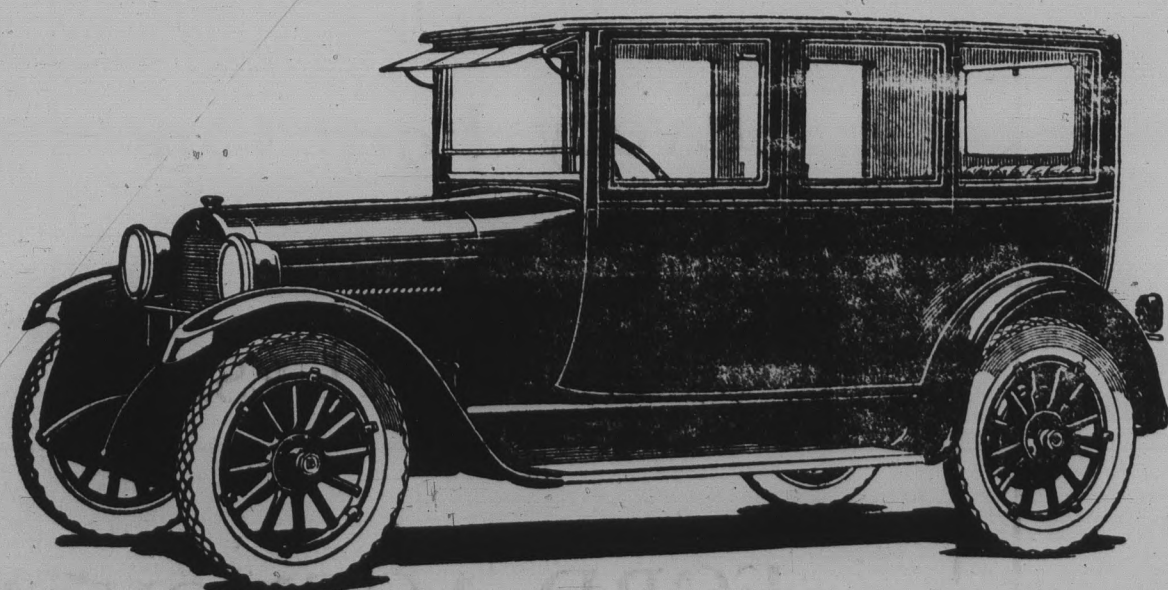

The body is swung lower to the road. A transmission lock, knob-grip steering wheel, a combination stop signal and tail lamp, and other details have been added. Important chassis improvements have been made.

Most important of all, perhaps, new spring equipment throughout has resulted in a degree of riding comfort which can only be characterized as revolutionary.

NEWLYWEDS ARE SEEING NEW YORK

The following letter has been received by the editor from Mr. and Mrs. Dan Kennell, Jr., (Flora Benedetto) the young Sonoma couple who left for New York following their marriage here last month:

"Dear Mr. Murphy:

"We are having a fine trip, and are certainly enjoying ourselves here in New York. We have seen Broadway and all the bright lights, Chinatown, the Bowery, and we also went to the top of the Woolworth Building, the highest building in the world. We went out to Coney Island recently, and still have a number of other sights to see while here.

"We leave for home about the first of the month and on the return trip will stop at Cleveland, Chicago, Council Bluffs, Kansas City, Omaha, Denver, Ogden, Salt Lake City and then to San Francisco.

"Yours truly,

"Mr. and Mrs. Dan Kennell."

NEW THEATRE'S OPENING ATTRACTION

Monday evening, December 3rd, marks the opening of the magnificent new \$250,000 G. & S. Theatre in Santa Rosa, and for this occasion an attraction of unusual merit has been secured.

This production is the musical play "Blossom Time" which for nearly two years has charmed and thrilled the audiences of New York City, with its beautiful music and the pretty story of the life of Franz Schubert, the composer, which it so charmingly tells.

The play is now being produced in San Francisco and has attracted an unusual amount of favorable comment from the dramatic critics of the bay city.

The theatre goes in the entire north bay section have for months awaited the opening of this magnificent new playhouse and now there is a growing impatience to see the beauties of the new house, upon the part of all.

"First run" pictures with added features will be the policy of the house. On Wednesday and Thursday evenings of each week Pantages circuit vaudeville will be presented and during the road show seasons, the most high class attractions will be brought to Santa Rosa for the amusement of the theatre patrons of the community.

Seat sales for the opening night of the G. & S. Theatre will open on November 26th, and in the meantime mail orders will be accepted to be filled in the order of their receipt.

OLD EMPLOYEE OF U. S.

MINT TO BUILD HERE

Andrew Cuneo of San Francisco, a veteran employee of the U. S. Mint, who sold his Sonoma Valley home some time ago, was up at Agua Caliente Springs Hotel for the week end with his family, and declares he will build another nice home here in the spring. He acquired a lot when he sold his property near Fetters and is planning to build a very nice residence to which he ultimately expects to retire as a pensioner of Uncle Sam.

NOTICE TO THE PUBLIC

On and after November 8, 1923, I will not be responsible for any bills contracted by the Mission Store, at Buena Vista, or by J. J. Vignia, new owner. Signed:

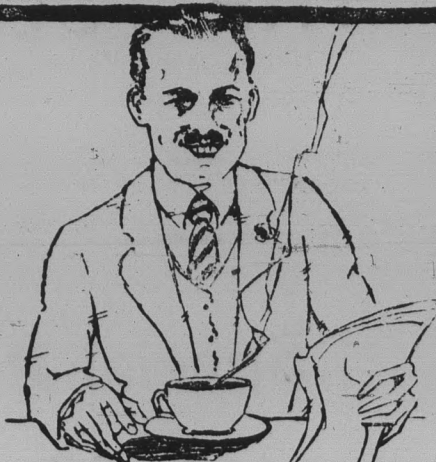

MRS. L. BETTENCOURT.

Move it at will! With Pearl Oil in a good oil heater—you can warm up any room in the house in a jiffy. Heat you can place right where and when it is needed—to dress by comfortably in the morning, or for hall-way, sewing-room, living-room or bath. And if in ordering you say "Pearl Oil" by name, there'll be absolutely no odor—because Pearl Oil is entirely consumed by the flame. It leaves the air sweet, clean and fresh though you use it every hour of the day.

In even the best oil heaters—you should use only the highest quality kerosene. Avoid asking for "kerosene" or "coal oil," which may mean any kind of kerosene.

Order "Pearl Oil" by the name that's copyrighted for your protection. It applies exclusively to the clean-burning, quality kerosene—refined and re-refined by the Standard Oil Company's special process.

THIS little chart shows that for years Goodyear Tire prices have been kept below the average price level of all commodities. Goodyear Tires today cost 39% less than they did in 1914. And they are the best tires Goodyear ever made. This is a good time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cords with the beveled All-Weather Tread and back them up with standard Goodyear Service.

at the El Verano shoot, was the winner of the first bird and his old shooting eye is working good, and it is thought Norrbom will have a hard time holding his own with Keechler, whom he defeated last year.

Striped bass fishing continues good without the slightest let down. Napa Bridge waters have been offering the limit catch to anglers. Jim Lawrence and Walter Paulson of Sonoma and W. Kenny and Jack Larson got the limit Sunday. Lawrence hooked a 15 pound bass and after some time got the large beauty to land. Ather fish ranged from eight to ten pounds. Other Sonoma hook and line artists who tried their luck further down the bay Sunday were George and Clem Cornelius, Ed Peterson and R. Thompson. These anglers also grabbed off the amount allowed by law. The Sonoma contingent remembered the writer with a nice 10-pounder, for which he wishes to thank them. It is lucky to be the village reporter, for the boys always remember that McKiver eats fish, and also likes to tell of their success on the rolling waters in the weekly letter to the Sonoma Index-Tribune.

John Batto & Sons of Vineburg have a crew of men at the S. P. yards here this week unloading several carloads of feed.

WINTER TRAVEL SERVICE

The Sonoma Valley--San Rafael auto stage line continues to provide a late trip from San Francisco on Saturday, Sunday and holiday nights, arriving here at 10:00 p. m. Armistice Day travel was good and Messrs Valente & Stuermer will make special trips Thanksgiving.

The N. W. P. railroad is giving through connections between here and Sausalito with no transferring at Ignacio, as was one time the case. The Northwestern will route traffic via San Anselmo instead of Greenbrae, pending the putting through of new tunnel construction.

THIS ONE NOT AN ANTIQUE

The body of Theron Sawyer, 21, interred in an Imperial Valley cemetery, was found completely petrified when examined during the last week of last October, according to dispatches received in Los Angeles. Scientists are interested in the find and recall similar instances said to have been caused by action of a peculiar soil moisture on the body. Sawyer's body is said to have been buried only six months.

Sonoma Valley has a petrified lady, found near Agua Caliente. This petrified specimen is an antique and evidently was somebody's squaw.

KUNDE SUIT EXCITING

"Liar!" shrieked Gustav Michel, weakened, gray-haired little wisp of a man, in department 2 of the superior court this week.

Arthur Kunde, on the witness stand testifying for his mother in the suit brought against her by Michel, had just stated that Michel was not as capable of performing manual labor as a 12 year old child.

Judge Preston, presiding while Judge Campbell is in San Francisco, admonished him mildly, saying: "You are an old man, Mr. Michel, and I Rosa Republican.

don't like to see you get into trouble with the court, but unless you restrain yourself, you are liable to go to jail."

Michel is suing Mrs. Marie Knude, executrix of the estate of the late Louis Kunde for \$2017, alleged to be due him as wages from April 1, 1920 until October 1, 1922. During that time he alleges he was paid but \$300 for his labors. The defense of the executrix is that the old man's services were not worth that much money and that they are willing to allow him \$663.24 in settlement in full—Santa

America's Shortest Story

In the Chicago railroad yards some malcontent wrote upon the side of a box car

No beer, no work!

When the car reached Milwaukee a brakeman wrote under the first inscription

No work, no pay!

Enroute to Madison, another workman added

No pay, no eat!

In the Madison yards a maintenance man wrote the final chapter
